

Faculty Discount Logistics Year One (2026-2027)

HOW TO REGISTER

To register, simply follow the usual [enrollment steps](#). On the NEXus Tracking Form, select 'Faculty' as your registration type and specify your program level if needed.

Your advisor will need to approve your course choices and sign the Tracking Form. This confirms your institution allows you to register as faculty and receive the discount. Each Home Institution decides who qualifies as faculty.

The Home Campus Staff Coordinator (CSC) will send your registration to the Teaching CSC and copy the NEXus administration.

Faculty members are responsible for paying tuition and completing any registration or enrollment steps required by the teaching institution.

After completing your course, follow the teaching institution's process to request your transcript.

TUITION RATE

Faculty receive a 20% tuition discount. NEXus charges the same [tuition rate](#) for all faculty, no matter which institution they are attending or coming from.

For the 2026-2027, standard student tuition is \$995 per semester credit and \$663 per quarter credit. With the 20% faculty discount, tuition is \$796 per semester credit and \$530.40 per quarter credit.

STAFF USE ONLY: INVOICING FOR TUITION SHARING

NEXus administration manages all tuition-sharing invoices.

During the first year, the Teaching Institution keeps 75% of the original standard student rate (before discounts). For each faculty member taking at least one three-credit course, Home Institutions receive a flat rate: \$100 for teaching semester schools or \$67 for teaching quarter schools, per faculty member, per term. Other credit amounts are prorated. NEXus administration receives the remaining tuition share.
